 Participate and grow with us!

Love what we do to connect people with the Chesapeake’s culture and environment?

Looking for a place to join other Chesapeake-minded people?

CBMM volunteers contribute their time, talents, and experience to complement and enhance the work of CBMM’s professional staff.

Volunteers carry forward our mission, vision, and values as advocates to our visiting guests and in their home communities.

The Chesapeake Bay Maritime Museum is dedicated to preserving and exploring the history, environment, and culture of the entire Chesapeake Bay region, and making this resource available to all.
